

## 1. A TRUSTED BRAND FOR OVER 30 YEARS

National Tiles began trading in 1979 as a Geelong-based retail Tile Company. Today, we have 26 stores including 11 franchises in Victoria and Queensland.

This year we expect to turnover in excess of \$55m, making us, we believe the second largest tile distributor in Australia.

National Tiles is 100% family-owned and operated with staff numbers of over 160. We consider our franchise stores as part of the National Tiles family. Integrity matters to us when we deal with our franchise stores because their success equates to our success.

We are mindful that there will be problems along the way but National Tiles as a franchisor will ensure mistakes are rectified as quickly as they become obvious. We pride ourselves on having a small business culture where staff, customers and suppliers are treated like family. This is a key ingredient to our success.
